Infobase Accessibility Conformance Report International Edition

(Based on VPAT® Version 2.4)

Name of Product/Version: Infobase Learning Cloud

Report Date: June 2023

Product Description: The *Infobase Learning Cloud* is an online teaching and learning platform. Hundreds of instructional learning resources and on-demand video courses provide professional development and training solutions to K-12 schools and districts, colleges and universities, and public libraries.

Contact Information: cs-pdt@infobase.com

Notes: This VPAT 2.4 (International Edition) report supersedes all previously published VPAT versions published for the *Infobase Learning Cloud*.

Evaluation Methods Used: The main testing tools and methods used were WAVE (Web Accessibility Evaluation Tool) from WebAIM, ARC Toolkit, axe DevTools, the IBM Equal Access Accessibility Checker, JAWS (Job Access With Speech) screen reader from Freedom Scientific, NVDA screen reader, Colour Contrast Analyser (CCA), an Apple iPad

for mobile, and manual keyboard testing. The browsers used were the latest Chrome and Firefox versions.

Applicable Standards/Guidelines

This report covers the degree of conformance for the following accessibility standards/guidelines:

Standard/Guideline	Included In Report
Web Content Accessibility Guidelines 2.0	Level A (Yes)
	Level AA (Yes)
	Level AAA (No)
Web Content Accessibility Guidelines 2.1	Level A (Yes)
	Level AA (Yes)
	Level AAA (No)
Revised Section 508 standards published January 18, 2017, and corrected January 22, 2018	(Yes)
EN 301 549 Accessibility requirements suitable for public procurement of ICT products and services in Europe, - V3.1.1 (2019-11)	(Yes)

Terms

The terms used in the Conformance Level information are defined as follows:

- **Supports**: The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- Partially Supports: Some functionality of the product does not meet the criterion.
- **Does Not Support**: The majority of product functionality does not meet the criterion.
- Not Applicable: The criterion is not relevant to the product.

• Not Evaluated: The product has not been evaluated against the criterion. This can be used only in WCAG 2.0 Level AAA.

WCAG 2.1 Report

Tables 1 and 2 also document conformance with:

- EN 301 549: Chapter 9 Web, Sections 10.1-10.4 of Chapter 10 Non-Web documents, and Sections 11.1-11.4 and 11.8.2 of Chapter 11 Non-Web Software (open and closed functionality), and Sections 12.1.2 and 12.2.4 of Chapter 12 Documentation
- Revised Section 508: Chapter 5 501.1 Scope, 504.2 Content Creation or Editing, and Chapter 6 602.3 Electronic Support Documentation.

Note: When reporting on conformance with the WCAG 2.1 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the WCAG 2.1 Conformance Requirements.

Table 1: Success Criteria, Level A

Notes: The Infobase Learning Cloud's initial landing pages, section course pages, and various search results pages were tested.

Criteria	Conformance Level	Remarks and Explanations
1.1.1 Non-text Content Also applies to: EN 301 549 Criteria 9.1.1.1 (Web) 10.1.1.1 (Non-web document) 11.1.1.1.1 (Open Functionality Software) 11.8.2 (Closed Functionality Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Supports	Images and non-text content have appropriate alternative text, labels, descriptions, or figure captions assigned to them. Test method: Manual visual evaluation and testing tools.
1.2.1 Audio-only and Video-only (Prerecorded) (Level A) Also applies to: EN 301 549 Criteria 9.1.2.1 (Web) 10.1.2.1 (Non-web document) 11.1.2.1.1 (Open Functionality Software) 11.1.2.1.2.1 and 11.1.2.1.2.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Supports	The Infobase Learning Cloud website has no prerecorded audio-only or prerecorded video-only media. Please note WCAG Understanding Conformance states the following: • If there is no content to which a success criterion applies, the success criterion is satisfied.
1.2.2 Captions (Prerecorded) (Level A) Also applies to:	Supports	Synchronized closed captioning and interactive transcripts are available for videos.

EN 301 549 Criteria • 9.1.2.2 (Web) • 10.1.2.2 (Non-web document) • 11.1.2.2 (Open Functionality Software) • 11.1.2.2 (Closed Software) • 11.8.2 (Authoring Tool) • 12.1.2 (Product Docs) • 12.2.4 (Support Docs) Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)		Test method: Manual visual evaluation and testing tools.
1.2.3 Audio Description or Media Alternative (Prerecorded) Also applies to: EN 301 549 Criteria 9.1.2.3 (Web) 10.1.2.3 (Non-web document) 11.1.2.3.1 (Open Functionality Software) 11.1.2.3.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	The Infobase Learning Cloud provides synchronized closed captioning and interactive text transcripts for videos. Unfortunately, audio descriptions are not available for videos at this time. Test method: Manual visual evaluation and testing tools.
1.3.1 Info and Relationships (Level A) Also applies to: EN 301 549 Criteria • 9.1.3.1 (Web) • 10.1.3.1 (Non-web document) • 11.1.3.1.1 (Open Functionality Software) • 11.1.3.1.2 (Closed Software)	Partially Supports	The Infobase Learning Cloud uses semantically correct HTML. When standard HTML is insufficient, ARIA labels provide programmatic information on specific page elements. Some current exceptions are:

 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs) 		 Not all pages have a designated heading <h1>.</h1> Some, but not all, form controls may be missing associated labels, e.g., the Start and End Date fields in the Reports search form. ARIA role attributes may be missing required children elements, making accessibility functions not work as intended, e.g., in the language dropdown menu on video player pages. Test method: Manual visual evaluation and testing tools.
1.3.2 Meaningful Sequence (Level A) Also applies to: EN 301 549 Criteria 9.1.3.2 (Web) 10.1.3.2 (Non-web document) 11.1.3.2.1 (Open Functionality Software) 11.8.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Supports	The reading and navigation order of the content is logical and intuitive. Test method: Manual visual evaluation and testing tools.
1.3.3 Sensory Characteristics (Level A) Also applies to: EN 301 549 Criteria 9.1.3.3 (Web) 10.1.3.3 (Non-web document) 11.1.3.3 (Open Functionality Software) 11.1.3.3 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs)	Supports	Instructions for understanding and operating content do not rely on sensory characteristics. Typically, text instructions and labels are provided. Test method: Manual visual evaluation and testing tools.

 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs) 		
1.4.1 Use of Color (Level A) Also applies to: EN 301 549 Criteria 9.1.4.1 (Web) 10.1.4.1 (Non-web document) 11.1.4.1 (Open Functionality Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Supports	The Infobase Learning Cloud website does not utilize color as the sole method of conveying information, a selection, or an error. Test method: Manual visual evaluation and testing tools.
1.4.2 Audio Control (Level A) Also applies to: EN 301 549 Criteria 9.1.4.2 (Web) 10.1.4.2 (Non-web document) 11.1.4.2 (Open Functionality Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Supports	Videos with audio do not play automatically. Additionally, a user has complete media player control over the default settings and can adjust a video's start, stop, closed captioning, video stream quality, full-screen options, and volume, all via the keyboard. Testing method: Manual visual checks

2.1.1 Keyboard (Level A) Also applies to: EN 301 549 Criteria 9.2.1.1 (Web) 10.2.1.1 (Non-web document) 11.2.1.1.1 (Open Functionality Software) 11.2.1.2.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	The keyboard supports fundamental functions, including navigation, search, and video playback. Some current exceptions are: • When scrolling the homepage, the e-course carousels have a mouse hover overlay providing descriptive information about the e-course. However, the focus does not reveal this overlay when using the keyboard tab. • Input arrow buttons do not work with the keyboard on the homepage e-course carousels. Users can still navigate the carousels with the keyboard tab key, but some ambiguity may remain. • Quizzes on the <i>Provelt</i> Assessment area of the site have varying degrees of keyboard support. Usually found with e-courses published before 2022, one quiz type displays in a popup alert window. These types of quizzes have minimal keyboard functionality. The second type of quiz, generally for e-courses published after 2022, work with the keyboard though not very efficiently. In manual testing, quiz questions could be navigated, and answers submitted using the keyboard, but navigating both types of quizzes with the keyboard overall is complex and unclear. • There are keyboard browser compatibility issues on search and category results pages. For
--	--------------------	---

		instance, the keyboard focus on a category result page gets stuck in the Firefox browser and does not advance past the first learning module displayed in the content list. However, the keyboard focus does not get stuck on the same page in the Chrome browser. Test method: Manual visual evaluation and testing tools.
2.1.2 No Keyboard Trap (Level A) Also applies to: EN 301 549 Criteria 9.2.1.2 (Web) 10.2.1.2 (Non-web document) 11.2.1.2 (Open Functionality Software) 11.2.1.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	As mentioned, the e-course <i>Provelt</i> Assessments have two types of quizzes. In older e-course modules (e-course published before 2022), the <i>Provelt</i> assessment quiz displays in a popup alert window. This quiz type has no close button, and there are only two keyboard tab focus elements with minimal arrow key navigation support. As a result, when using the keyboard for these quizzes, there is no way to escape the popup window without using the mouse. On the other hand, there are no keyboard traps in the newer quiz types. Test method: Manual visual evaluation and testing tools.
2.1.4 Character Key Shortcuts (Level A 2.1 only) Also applies to: EN 301 549 Criteria 9.2.1.4 (Web) 10.2.1.4 (Non-web document) 11.2.1.4.1 (Open Functionality Software) 11.2.1.4.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs)	Not Applicable	The <i>Infobase Learning Cloud</i> website does not use or have character key shortcuts.

a 12.2.4 (Support Doca)		
• 12.2.4 (Support Docs)		
Revised Section 508 – Does not apply		
2.2.1 Timing Adjustable (Level A)		
Also applies to:		
EN 301 549 Criteria		
• 9.2.2.1 (Web)		
10.2.2.1 (Non-web document)		
 11.2.2.1 (Open Functionality Software) 		The <i>Infobase Learning Cloud</i> website does not set time
11.2.2.1 (Closed Software)		limits for its content, including quizzes or Provelt
 11.8.2 (Authoring Tool) 	Supports	Assessments.
• 12.1.2 (Product Docs)		
 12.2.4 (Support Docs) 		Test method: Manual visual evaluation.
Revised Section 508

2.4.1 Bypass Blocks (Level A)		
Also applies to:		
EN 301 549 Criteria		
• 9.2.4.1 (Web)		
 10.2.4.1 (Non-web document) – Does not apply 		Chin to Main Content by mass link is not symilable on all
 11.2.4.1 (Open Functionality Software) – Does not apply 		Skip to Main Content bypass link is not available on all
 11.2.4.1 (Closed Software) – Does not apply 	Dana Nat Commant	pages.
• 11.8.2 (Authoring Tool)	Does Not Support	To at weath and Managed viewal analysis and to ation
• 12.1.2 (Product Docs)		Test method: Manual visual evaluation and testing
• 12.2.4 (Support Docs)		tools.
Revised Section 508		
• 501 (Web)(Software) – Does not apply to non-web software		
• 504.2 (Authoring Tool)		
 602.3 (Support Docs) – Does not apply to non-web docs 		
2.4.2 Page Titled (Level A)		
Also applies to:		
EN 301 549 Criteria		
• 9.2.4.2 (Web)		Web pages do not have unique page titles.
• 10.2.4.2 (Non-web document)	David Nati Constant	
• 11.2.4.2 (Open Functionality Software) - Does not apply	Does Not Support	Test method: Manual visual evaluation and testing
 11.2.4.2 (Closed Software) – Does not apply 		tools.
• 11.8.2 (Authoring Tool)		
• 12.1.2 (Product Docs)		
• 12.2.4 (Support Docs)		

Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)		
2.4.3 Focus Order (Level A) Also applies to: EN 301 549 Criteria 9.2.4.3 (Web) 10.2.4.3 (Non-web document) 11.2.4.3 (Open Functionality Software) 11.2.4.3 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	Content that receives focus usually is logical and in an order that preserves meaning. However, in some web pages, the keyboard focus is not moved intuitively in response to dynamic content changes, such as how the focus behaves in the <i>LearnIt</i> region on a module page. For instance, if a user selects a video segment, the video player will dynamically appear on the page. However, the focus remains in the <i>LearnIt</i> region, forcing users to tab through the remaining video segments before reaching the player. Test method: Manual visual evaluation and testing tools.
2.4.4 Link Purpose (In Context) (Level A) Also applies to: EN 301 549 Criteria 9.2.4.4 (Web) 10.2.4.4 (Non-web document) 11.2.4.4 (Open Functionality Software) 11.2.4.4 (Closed Software 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	Most links in the <i>Infobase Learning Cloud</i> website correctly indicate their purpose programmatically and in context to screen readers. However, some links currently do not programmatically reveal their particular actions, such as announcing the opening or instructions of a menu list or dialog box. Test method: Manual visual evaluation and testing tools.
2.5.1 Pointer Gestures (Level A 2.1 only) Also applies to:	Partially Supports	The <i>Infobase Learning Cloud</i> has no known multipoint o path-based gesture interaction elements. However, the

EN 301 549 Criteria 9.2.5.1 (Web) 10.2.5.1 (Non-web document) 11.2.5.1 (Open Functionality Software) 11.2.5.1 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 – Does not apply		homepage e-course carousels have single-point input arrows that advance the e-course carousel content tiles forward or backward upon a mouse button click. (As stated in 2.1.1 Keyboard, these input arrows don't work well with the keyboard). Additionally, the homepage e-course carousels on mobile devices can be moved forward and backward with a horizontal finger swipe or tap of the left-right arrow buttons for single-point activation to navigate the e-course carousel content.
		Test method: Manual visual evaluation and testing tools.
2.5.2 Pointer Cancellation (Level A 2.1 only) Also applies to: EN 301 549 Criteria 9.2.5.2 (Web) 10.2.5.2 (Non-web document) 11.2.5.2 (Open Functionality Software) 11.2.5.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 – Does not apply	Supports	The Infobase Learning Cloud does not override the default behavior of controls. Therefore, all mouse functionality, for instance, can be canceled using the browser or operating system. Test method: Manual visual evaluation and testing tools.
2.5.3 Label in Name (Level A 2.1 only) Also applies to: EN 301 549 Criteria 9.2.5.3 (Web) 10.2.5.3 (Non-web document) 11.2.5.3.1 (Open Functionality Software) 11.2.5.3.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 – Does not apply	Partially Supports	Interface components such as links or buttons mostly have the same accessible name as the visible text. Current exceptions may include empty and missing labels in form controls, links, and buttons. Test method: Manual visual evaluation and testing tools.

2.5.4 Motion Actuation (Level A 2.1 only)		
Also applies to:		
EN 301 549 Criteria		
• 9.2.5.4 (Web)		The <i>Infobase Learning Cloud</i> does not have any
• 10.2.5.4 (Non-web document)		functionality that can be operated by device motion or
• 11.2.5.4 (Open Functionality Software)	Not Applicable	user motion.
• 11.2.5.4 (Closed Software)	1 1 1	
• 11.8.2 (Authoring Tool)		Test method: Manual visual evaluation and testing
• 12.1.2 (Product Docs)		tools.
• 12.2.4 (Support Docs)		
Revised Section 508 – Does not apply		
3.1.1 Language of Page (Level A)		
Also applies to:		
EN 301 549 Criteria		
• 9.3.1.1 (Web)		
• 10.3.1.1 (Non-web document)		The default language of each page in the Infobase
 11.3.1.1.1 (Open Functionality Software) 		Learning Cloud website can be programmatically
• 11.3.1.1.2 (Closed Software)	Supports	determined.
• 11.8.2 (Authoring Tool)	Supports	
• 12.1.2 (Product Docs)		Test method: Manual visual evaluation and testing
• 12.2.4 (Support Docs)		tools.
Revised Section 508		
• 501 (Web)(Software)		
• 504.2 (Authoring Tool)		
• 602.3 (Support Docs)		
3.2.1 On Focus (Level A)		
Also applies to:		
EN 301 549 Criteria		Components of the <i>Infobase Learning Cloud</i> website do
• 9.3.2.1 (Web)	Supports	not initiate a change of context when receiving focus.
• 10.3.2.1 (Non-web document)		,
• 11.3.2.1 (Open Functionality Software)		Test method: Manual visual evaluation and testing
• 11.3.2.1 (Closed Software)		tools.
• 11.8.2 (Authoring Tool)		
• 12.1.2 (Product Docs)		
• 12.2.4 (Support Docs)

3.3.1 Error Identification (Level A)		
Also applies to:		
EN 301 549 Criteria		
• 9.3.3.1 (Web)		When input errors are detected, the item causing the
• 10.3.3.1 (Non-web document)		
• 11.3.3.1.1 (Open Functionality Software)		
• 11.3.3.1.2 (Closed Software)		error is identified, and the error is described in the text.
• 11.8.2 (Authoring Tool)	Supports	
• 12.1.2 (Product Docs)		Test method: Manual visual evaluation and testing
• 12.2.4 (Support Docs)		tools.
Revised Section 508		
• 501 (Web)(Software)		
• 504.2 (Authoring Tool)		
602.3 (Support Docs)		
3.3.2 Labels or Instructions (Level A)		Instructions and labels are provided when user inputs
Also applies to:	Partially Supports	are required.
EN 301 549 Criteria	3. 5.5.7 5 5 5 5 5	

 9.3.3.2 (Web) 10.3.3.2 (Non-web document) 11.3.3.2 (Open Functionality Software) 11.8.2 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs) 		Some buttons do not have an accessible name, so their purpose is unclear to assistive technology. Test method: Manual visual evaluation and testing tools.
A.1.1 Parsing (Level A) Also applies to: EN 301 549 Criteria 9.4.1.1 (Web) 10.4.1.1 (Non-web document) 11.4.1.1.1 (Open Functionality Software) 11.4.1.1.2 (Closed Software) – Does not apply 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	The goal of the <i>Infobase Learning Cloud</i> is to use semantic HTML, which facilitates accessibility. However, the validator: https://validator.w3.org/ did find significant parsing errors. Many of these errors don't seem to affect the accessibility of the website, but as the website evolves, they will be closely investigated and addressed. Test method: Manual visual evaluation and testing tools.
4.1.2 Name, Role, Value (Level A) Also applies to: EN 301 549 Criteria 9.4.1.2 (Web) 10.4.1.2 (Non-web document) 11.4.1.2.1 (Open Functionality Software) 11.4.1.2.2 (Closed Software) – Not required 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs)	Partially Supports	The Infobase Learning Cloud uses semantic HTML, which facilitates accessibility. ARIA is used to enhance accessibility when HTML is not sufficient. Some current exceptions are: • Some non-text content, i.e., directional arrows used as navigational controls of the e-course

Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	 module carousels, do not have a programmatic name describing their purpose. ARIA label elements throughout the website may fall short of benefiting assistive technology. For example, while most areas on the website are operable with screen readers, some incomplete ARIA labels may make the intended accessibility feature unclear.
	Test method: Manual visual evaluation and testing tools.

Table 2: Success Criteria, Level AA

Notes: The *Infobase Learning Cloud's* initial landing pages, section course pages, and various search results pages were tested.

Criteria	Conformance Level	Remarks and Explanations
1.2.4 Captions (Live) (Level AA) Also applies to: EN 301 549 Criteria 9.1.2.4 (Web) 10.1.2.4 (Non-web document) 11.1.2.4 (Open Functionality Software) 11.1.2.4 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)		Live content is not offered in the <i>Infobase Learning</i> Cloud. Therefore, since there is no content to which this criterion applies, this criterion is satisfied.

1.2.5 Audio Description (Prerecorded) (Level AA)		
Also applies to:		
EN 301 549 Criteria		
• 9.1.2.5 (Web)		
• 10.1.2.5 (Non-web document)		Synchronized closed captioning and interactive
• 11.1.2.5 (Open Functionality Software)		, ,
• 11.1.2.5 (Open Functionality Software)		transcripts are available for videos.
• 11.8.2 (Authoring Tool)	Partially Supports	Test method: Manual visual evaluation and testing
• 12.1.2 (Product Docs)		
• 12.2.4 (Support Docs)		tools.
Revised Section 508		
• 501 (Web)(Software)		
• 504.2 (Authoring Tool)		
• 602.3 (Support Docs)		
1.3.4 Orientation (Level AA 2.1 only)		
Also applies to:		
EN 301 549 Criteria		
• 9.1.3.4 (Web)		The Infobase Learning Cloud orientation on mobile
• 10.1.3.4 (Non-web document)		devices is not restricted to only portrait or landscape.
• 11.1.3.4 (Open Functionality Software)	Supports	, , , , , , , , , , , , , , , , , , , ,
• 11.1.3.4 (Closed Software)	''	Test method: Manual visual evaluation and testing
• 11.8.2 (Authoring Tool)		tools.
• 12.1.2 (Product Docs)		
• 12.2.4 (Support Docs)		
Revised Section 508 – Does not apply		
1.3.5 Identify Input Purpose (Level AA 2.1 only)		The Infohase Learning Claud website collects a minimal
Also applies to:		The <i>Infobase Learning Cloud</i> website collects a minimal amount of user data. Collected data uses a form where
EN 301 549 Criteria		
• 9.1.3.5 (Web)		input fields are purposely identified, as explained in Input Purposes for User Interface Components. In other
• 10.1.3.5 (Non-web document)	Supports	
 11.1.3.5.1 (Open Functionality Software) 	Supports	words, input fields are programmatically determined, and the autocomplete values are enabled.
• 11.1.3.5.2 (Closed Software)		and the autocomplete values are enabled.
• 11.8.2 (Authoring Tool)		Test method: Manual visual evaluation and testing
• 12.1.2 (Product Docs)		tools.
• 12.2.4 (Support Docs)		(0013.

Revised Section 508 – Does not apply		
1.4.3 Contrast (Minimum) (Level AA) Also applies to: EN 301 549 Criteria 9.1.4.3 (Web) 10.1.4.3 (Non-web document) 11.1.4.3 (Open Functionality Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	Insufficient contrast between the text and background color occurs throughout the <i>Infobase Learning Cloud</i> website. However, most of these contrast errors are supplemented by visible text and navigation controls that inform the user of the content's meaning or purpose. Test method: Manual visual evaluation and testing tools.
1.4.4 Resize text (Level AA) Also applies to: EN 301 549 Criteria 9.1.4.4 (Web) 10.1.4.4 (Non-web document) 11.1.4.4.1 (Open Functionality Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Supports	Text can be resized up to 200% without loss of content or functionality. Test method: Manual visual evaluation and testing tools.
1.4.5 Images of Text (Level AA) Also applies to: EN 301 549 Criteria • 9.1.4.5 (Web) • 10.1.4.5 (Non-web document) • 11.1.4.5.1 (Open Functionality Software)	Supports	No images of text alone are used. For images with text as part of the image, such as logotype or content branding in banners, an appropriate alt attribute or adjacent text is generally used. Most images on the <i>Infobase Learning Cloud</i> are decorative in nature and ignored by assistive technology.

 11.1.4.5.2 (Closed Software) – Does not apply 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs) 		Test method: Manual visual evaluation and testing tools.
1.4.10 Reflow (Level AA 2.1 only) Also applies to: EN 301 549 Criteria 9.1.4.10 (Web) 10.1.4.10 (Non-web document) 11.1.4.10 (Open Functionality Software) 11.1.4.10 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) Revised Section 508 – Does not apply	Partially Supports	The Infobase Learning Cloud website has not yet adopted a fully responsive web design approach. Therefore, some content loses or obscures information when text is resized at 400%. Test method: Manual visual evaluation and testing tools.
1.4.11 Non-text Contrast (Level AA 2.1 only) Also applies to: EN 301 549 Criteria 9.1.4.11 (Web) 10.1.4.11 (Non-web document) 11.1.4.11 (Open Functionality Software) 11.1.4.11 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 – Does not apply	Partially Supports	The Infobase Learning Cloud strives to use a contrast ratio of at least 3:1 to differentiate graphical objects and interface components. Some current exceptions are: Some non-text focusable user interface components are missing a visible focus indicator, such as between the tab regions LearnIt and ProveIt on e-courses. In the newer version of quizzes, when using the keyboard, the focus indicator ring has a low contrast ratio between the focus indicator and the adjacent color that make up the background color of the multiple-choice answers.

1.4.12 Text Spacing (Level AA 2.1 only) Also applies to: EN 301 549 Criteria 9.1.4.12 (Web) 10.1.4.12 (Non-web document) 11.1.4.12 (Open Functionality Software) 11.1.4.12 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) Revised Section 508 – Does not apply	Partially Supports	Test method: Manual visual evaluation and testing tools. Some minor word clipping occurs when the user adapts text spacing from its default in search results pages. The platform, however, should support most space widgets, plugins, or third-party browser tools. Test method: Manual visual evaluation and testing tools.
1.4.13 Content on Hover or Focus (Level AA 2.1 only) Also applies to: EN 301 549 Criteria 9.1.4.13 (Web) 10.1.4.13 (Non-web document) 11.1.4.13 (Open Functionality Software) 11.1.4.13 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 – Does not apply	Partially Supports	As mentioned, additional content appears and disappears with a mouse hover while scrolling through the e-course carousels on the homepage. This additional content is hoverable and persistent but not dismissable without moving the mouse. Test method: Manual visual evaluation.
2.4.5 Multiple Ways (Level AA) Also applies to: EN 301 549 Criteria 9.2.4.5 (Web) 10.2.4.5 (Non-web document) – Does not apply 11.2.4.5 (Open Functionality Software) – Does not apply 11.2.4.5 (Closed Software) – Does not apply 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508	Supports	There are multiple ways to navigate the <i>Infobase</i> Learning Cloud to find a web page. Methods include browsing, searching, collections within topics, and categories. Test method: Manual visual evaluation.

 501 (Web)(Software) – Does not apply to non-web software 504.2 (Authoring Tool) 602.3 (Support Docs) – Does not apply to non-web docs 2.4.6 Headings and Labels (Level AA) Also applies to: EN 301 549 Criteria 9.2.4.6 (Web) 10.2.4.6 (Non-web document) 11.2.4.6 (Open Functionality Software) 11.2.4.6 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs) 2.4.7 Focus Visible (Level AA)	Supports	Most heading structures and form labels are informative and compliant with accessibility standards. As mentioned, many elements are labeled using ARIA. Test method: Manual visual evaluation and testing tools.
Also applies to: EN 301 549 Criteria 9.2.4.7 (Web) 10.2.4.7 (Non-web document) 11.2.4.7 (Open Functionality Software) 11.2.4.7 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Partially Supports	The focus indicator is usually visible throughout the site while using the keyboard to navigate. However, some exceptions exist when the focus indicator is not visible, usually between focusable elements within different page regions. Efforts will be made to fix these missing focus indicators in future updates. Test method: Manual visual evaluation and testing tools.
3.1.2 Language of Parts (Level AA) Also applies to: EN 301 549 Criteria • 9.3.1.2 (Web)	Supports	The language of all pages is identified using the HTML language attribute (e.g.,

• 10.3.1.2 (Non-web document)		Test method: Manual visual evaluation and testing
• 11.3.1.2 (Open Functionality Software) – Does not apply		tools.
• 11.3.1.2 (Closed Software) – Does not apply		
• 11.8.2 (Authoring Tool)		
• 12.1.2 (Product Docs)		
• 12.2.4 (Support Docs)		
Revised Section 508		
• 501 (Web)(Software)		
• 504.2 (Authoring Tool)		
• 602.3 (Support Docs)		
3.2.3 Consistent Navigation (Level AA)		
Also applies to:		
EN 301 549 Criteria		
• 9.3.2.3 (Web)		
 10.3.2.3 (Non-web document) – Does not apply 		The navigational mechanisms, such as the hamburger
 11.3.2.3 (Open Functionality Software) – Does not apply 		menu and search bar, are repeated in the same relative
 11.3.2.3 (Closed Software) – Does not apply 	Supports	order across the site.
• 11.8.2 (Authoring Tool)	Заррогез	
• 12.1.2 (Product Docs)		Test method: Manual visual evaluation and testing
• 12.2.4 (Support Docs)		tools.
Revised Section 508		
 501 (Web)(Software) – Does not apply to non-web software 		
• 504.2 (Authoring Tool)		
 602.3 (Support Docs) – Does not apply to non-web docs 		
3.2.4 Consistent Identification (Level AA)		
Also applies to:		
EN 301 549 Criteria		
• 9.3.2.4 (Web)		Components with the same functionality are identified
 10.3.2.4 (Non-web document) – Does not apply 		in the same way.
 11.3.2.4 (Open Functionality Software) – Does not apply 	Supports	
 11.3.2.4 (Closed Software) – Does not apply 		Test method: Manual visual evaluation and testing
• 11.8.2 (Authoring Tool)		tools.
• 12.1.2 (Product Docs)		
• 12.2.4 (Support Docs)		
Revised Section 508		

 501 (Web)(Software) – Does not apply to non-web software 504.2 (Authoring Tool) 602.3 (Support Docs) – Does not apply to non-web docs 3.3.3 Error Suggestion (Level AA) Also applies to: EN 301 549 Criteria 9.3.3.3 (Web) 10.3.3.3 (Non-web document) 11.3.3.3 (Open Functionality Software) 11.3.3.3 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 	Supports	When input errors are detected, suggested corrections are provided. Test method: Manual visual evaluation and testing tools.
 504.2 (Authoring Tool) 602.3 (Support Docs) 		
3.3.4 Error Prevention (Legal, Financial, Data) (Level AA) Also applies to: EN 301 549 Criteria 9.3.3.4 (Web) 10.3.3.4 (Non-web document) 11.3.3.4 (Open Functionality Software) 11.3.3.4 (Closed Software) 11.8.2 (Authoring Tool) 12.1.2 (Product Docs) 12.2.4 (Support Docs) Revised Section 508 501 (Web)(Software) 504.2 (Authoring Tool) 602.3 (Support Docs)	Supports	The <i>Infobase Learning Cloud</i> does not conduct legal commitments or financial transactions. Therefore, since there is no content to which this criterion applies, this criterion is satisfied.
4.1.3 Status Messages (Level AA 2.1 only) Also applies to: EN 301 549 Criteria • 9.4.1.3 (Web)	Supports	Components with the same functionality are always identified the same way within the platform.

10.4.1.3 (Non-web document)	Test method: Manual visual evaluation and testing
 11.4.1.3 (Open Functionality Software) 	tools.
 11.4.1.3 (Closed Software) – Does not apply 	
• 11.8.2 (Authoring Tool)	
• 12.1.2 (Product Docs)	
• 12.2.4 (Support Docs)	
Revised Section 508 – Does not apply	

Table 3: Success Criteria, Level AAA

Notes: The Infobase Learning Cloud website is not being evaluated for Level AAA conformance.

Revised Section 508 Report

Chapter 3: Functional Performance Criteria (FPC)

Criteria	Conformance Level	Remarks and Explanations
302.1 Without Vision	Partially Supports	The Infobase Learning Cloud website can be accessed with Assistive Technology (AT), such as JAWS or NVDA screen reader applications. However, missing form controls, accessible name attributes, and other gaps in accessibility features could cause some identification challenges with AT.
302.2 With Limited Vision	Partially Supports	The Infobase Learning Cloud website is evolving, and while the markup often supports assistive technology, some areas of the website do not. For instance, the current layout is not 100% responsive, so magnification in some areas may cause clipping of text or other content from being fully accessible.
302.3 Without Perception of Color	Partially Supports	Color is not used as the only means of conveying information. Color may be used to emphasize or highlight specific links or controls, but it is usually in addition to other visual cues. However, insufficient

		contrast between the text and background color does occur.
302.4 Without Hearing	Supports	The video player supports closed captioning and interactive transcripts. Additionally, instructions for understanding and operating content do not rely on sensory characteristics. The default language of each page in the <i>Infobase Learning Cloud</i> website can be programmatically determined. Foreign language captions are available and can be read by screen readers.
302.5 With Limited Hearing	Supports	The video player supports closed captioning and interactive transcripts. Additionally, instructions for understanding and operating content do not rely on sensory characteristics. The default language of each page in the <i>Infobase Learning Cloud</i> website can be programmatically determined. Foreign language captions are available and can be read by screen readers.
302.6 Without Speech	Not Applicable	The <i>Infobase Learning Cloud</i> website has no spoken mode of operation, e.g., speech input.
302.7 With Limited Manipulation	Partially Supports	The Infobase Learning Cloud website supports standard input mechanisms such as keyboard navigation. Some link redundancies occur when navigating with the keyboard. Additionally, there are no bypass blocks, unique page titles, and unclear link purposes do exist. However, usage of the product does not require fine motor controls or simultaneous actions.
302.8 With Limited Reach and Strength	Partially Supports	The Infobase Learning Cloud website supports standard input mechanisms such as keyboard navigation. Some link redundancies occur when navigating with the keyboard. There are no bypass blocks, unique page titles, or unclear link purposes. However, usage of the product does not require fine motor controls or simultaneous actions.

302.9 With Limited Language, Cognitive, and Learning Abilities	Partially Supports	The Infobase Learning Cloud website's video player allows for speed adjustments and has no timed response limits to play videos. While numerous accessibility gaps exist, the holes do not prohibit successful navigation of the website with assistive technology. Additionally, adjacent text and other supporting content will allow most website functionality to be understood and easily accessed.
--	--------------------	--

Chapter 4: Hardware

Notes: The *Infobase Learning Cloud* is a website and is not subject to the requirement of this section.

Chapter 5: Software

Notes: The *Infobase Learning Cloud* is a web-only platform and is not subject to non-web software criteria since they have been addressed (in the above) WCAG 2.1 and Revised Section 508 conformance tables.

Chapter 6: Support Documentation and Services

Criteria	Conformance Level	Remarks and Explanations
601.1 Scope	Heading cell – no response required	Heading cell – no response required
602 Support Documentation	Heading cell – no response required	Heading cell – no response required
602.2 Accessibility and Compatibility Features	Supports	Documentation of accessibility and compatibility features, compliance and accessibility statements, and the current VPAT are all available in the <i>Infobase</i> Learning Cloud help center.
602.3 Electronic Support Documentation	See WCAG 2.1 section	See information in WCAG 2.x section
602.4 Alternate Formats for Non-Electronic Support Documentation	Supports	All support documentation is available electronically or can be printed. If alternate formats of documentation are required, they can be made available upon request.
603 Support Services	Heading cell – no response required	Heading cell – no response required

603.2 Information on Accessibility and Compatibility Features	Supports	Documentation of accessibility and compatibility features is available in the <i>Infobase Learning Cloud</i> help center. Support is also provided over e-mail, telephone, and live chat.
603.3 Accommodation of Communication Needs	Supports	The <i>Infobase Learning Cloud</i> support team can be contacted for assistance via e-mail, phone, or live chat. In addition, other methods can be made available upon request.

EN 301 549 Report

Chapter 4: Functional Performance Statements (FPS)

Criteria	Conformance Level	Remarks and Explanations
4.2.1 usage without vision	Partially Supports	The Infobase Learning Cloud website content can be accessed with Assistive Technology (AT), such as JAWS or NVDA screen reader applications. However, missing form controls, accessible name attributes, and other gaps in accessibility features could cause some identification challenges with AT.
4.2.2 usage with limited vision	Partially Supports	The Infobase Learning Cloud website is evolving, and while the markup often supports assistive technology, some areas of the website do not. For instance, the current layout is not 100% responsive, so magnification in some areas may cause clipping of text or other content from being fully accessible.
4.2.3 usage without perception of colour	Partially Supports	Color is not used as the only means of conveying information. Color may be used to emphasize or highlight specific links or controls, but it is usually in addition to other visual cues. However, insufficient contrast between the text and background color does occur.
4.2.4 usage without hearing	Supports	The video player supports closed captioning and interactive transcripts. Additionally, instructions for understanding and operating content do not rely on sensory characteristics. The default language of each page in the <i>Infobase Learning Cloud</i> website can be programmatically determined. Foreign language captions are available and can be read by screen readers.
4.2.5 usage with limited hearing	Supports	The video player supports closed captioning and interactive transcripts. Additionally, instructions for understanding and operating content do not rely on

		sensory characteristics. The default language of each page in the <i>Infobase Learning Cloud</i> website can be programmatically determined. Foreign language captions are available and can be read by screen readers.
4.2.6 usage with no or limited vocal capability	Not Applicable	The <i>Infobase Learning Cloud</i> website has no spoken mode of operation, e.g., speech input.
4.2.7 usage with limited manipulation or strength	Partially Supports	The Infobase Learning Cloud website supports standard input mechanisms such as keyboard navigation. Some link redundancies occur when navigating with the keyboard. Additionally, there are no bypass blocks, unique page titles, and unclear link purposes do exist. However, usage of the product does not require fine motor controls or simultaneous actions.
4.2.8 usage with limited reach	Partially Supports	The Infobase Learning Cloud website supports standard input mechanisms such as keyboard navigation. Some link redundancies occur when navigating with the keyboard. Additionally, there are no bypass blocks, unique page titles, and unclear link purposes do exist. However, usage of the product does not require fine motor controls or simultaneous actions. The pages of this product do not contain anything that
4.2.9 Minimize photosensitive seizure triggers	Supports	flashes.
4.2.10 Usage with limited cognition, language or learning	Partially Supports	The Infobase Learning Cloud website's video player allows for speed adjustments and has no timed response limits to play videos. While numerous accessibility gaps exist, the holes do not prohibit successful navigation of the website with assistive technology. Additionally, adjacent text and other supporting content will allow most website functionality to be understood and easily accessed.
4.2.11 Privacy	Supports	The Infobase Learning Cloud website does not stop users from using privacy tools when accessing and interacting with the website's content.

Chapter 5: Generic Requirements

Notes: The *Infobase Learning Cloud* website supports standard input mechanisms and assistive technology devices and software. Therefore, the *Infobase Learning Cloud* website is not subject to the criteria standards of this chapter as published in the ETSI EN 301 549 report.

Chapter 6: ICT with Two-Way Voice Communication

Notes: The *Infobase Learning Cloud* website does not offer two-way voice communication in any way. Therefore, the *Infobase Learning Cloud* website is not subject to the criteria standards of this chapter as published in the ETSI EN 301 549 report.

Chapter 7: ICT with Video Capabilities

Criteria	Conformance Level	Remarks and Explanations
7.1 Caption processing technology	Heading cell – no response required	Heading cell – no response required
7.1.1 Captioning playback	Supports	The <i>Infobase Learning Cloud</i> video player supports closed captioning and interactive transcripts for videos. A user can choose whether or not to display captions or hide transcripts.
7.1.2 Captioning synchronization	Supports	The <i>Infobase Learning Cloud</i> video player supports closed captioning and interactive transcripts for videos. Captions and interactive transcripts are synchronized with the audio from videos.
7.1.3 Preservation of captioning	Supports	For video closed captioning, the default caption display's appearance is not overridden or changed in any way.
7.1.4 Captions characteristics	Supports	The following customizations to video closed captioning are allowed within the video player's settings: window color, text color, font family, font size, text edge style, and background color.
7.1.5 Spoken subtitles	Partially Supports	The <i>Infobase Learning Cloud</i> displays video with synchronized audio. In addition, interactive transcripts

		are shown below the video. All videos are in English, but a translation of synchronized closed captions and subtitles into a variety of foreign-language text is possible. Since these captions and subtitles are programmatic, they can also be read by a screen reader. The only exception to this criterion is no separate audio track with spoken subtitles.
7.2.1 Audio description playback	Does Not Support	Audio descriptions are not available with the <i>Infobase</i> Learning Cloud videos.
7.2.2 Audio description synchronization	Does Not Support	Audio descriptions are not available with the <i>Infobase Learning Cloud</i> videos.
7.2.3 Preservation of audio description	Does Not Support	Audio descriptions are not available with the <i>Infobase</i> Learning Cloud videos.
7.3 User controls for captions and audio description	Partially Supports	Audio descriptions are not available with the <i>Infobase Learning Cloud</i> videos. However, closed captioning is available, and the mechanism for selecting them is at the same level as the other playback controls within the video player.

Chapter 8: Hardware

Notes: The *Infobase Learning Cloud* is a website and is not subject to the requirement of this section.

Chapter 9: Web (see WCAG 2.1 section)

Chapter 10: Non-Web Software

Notes: The *Infobase Learning Cloud* website does not include non-web documents. Therefore, the *Infobase Learning Cloud* website is not subject to the requirements of this section.

Chapter 11: Software

Notes: The *Infobase Learning Cloud* website is a web-only platform and is not subject to non-web software criteria since they have been addressed (in the above) WCAG 2.1 and Revised Section 508 conformance tables.

Chapter 12: Documentation and Support Services

Criteria	Conformance Level	Remarks and Explanations
12.1 Product documentation	Heading cell – no response required	Heading cell – no response required
12.1.1 Accessibility and compatibility features	Supports	Documentation of accessibility and compatibility features, compliance and accessibility statements, and the current VPAT are all available in the <i>Infobase</i> Learning Cloud help center.
12.1.2 Accessible documentation	See WCAG 2.1 section	See information in WCAG 2.x section
12.2 Support Services	Heading cell – no response required	Heading cell – no response required
12.2.2 Information on accessibility and compatibility features	Supports	Documentation of accessibility and compatibility features is available in the <i>Infobase Learning Cloud</i> help center. Support is also provided over e-mail, telephone, and live chat.
12.2.3 Effective communication	Supports	The Infobase Learning Cloud support team can be contacted for assistance via e-mail, phone, or live chat. In addition, other methods can be made available upon request.
12.2.4 Accessible documentation	See WCAG 2.1 section	See information in WCAG 2.x section

Chapter 13: ICT Providing Relay or Emergency Service Access

Notes: The *Infobase Learning Cloud* website does not provide any relay services. There is also no access to Emergency Services from within the *Infobase Learning Cloud*.
